

Dual Enrollment

Turfgrass Management Technician Certificate *

Cluster Area: Agriculture, Food & Natural Resources

Pathway: Plant Systems

The Turfgrass Management Technician certificate program is designed to meet the needs of the student who is interesting in attaining entry-level knowledge and skills necessary to work in golf course landscaping and maintenance. In addition to providing an exit point for students who want to become employed rapidly, the program area provides the student with an avenue to pursue opportunities in other areas of lawn and landscape work.
